§ 107-18 GARBAGE, RUBBISH AND REFUSE § 107-19

§ 107-18. Source separation; exemption from source separation requirements.

A. **Mandatory source separation.** It shall be mandatory for all persons who are owners, tenants, or occupants of residential and nonresidential premises, which shall include but not be limited to retail and other commercial locations, as well as government, schools and other institutional locations, within the City of Orange Township, to separate designated recyclable materials from all solid waste. Designated recyclable materials shall be deposited separate and apart from other solid waste generated by the owners, tenants, or occupants of such premises and shall be placed separately at the curb in a manner and on such premises and shall be placed separately at the curb in a manner and on such days and times as may be hereinafter established by regulations promulgated by the City of Orange Township, Department of Public Works.

B. **Exemptions.** Pursuant to N.J.S.A. 13:1E-99.16(d), the governing body of a municipality may exempt persons occupying commercial or institutional premises within its municipal boundaries from the source separation requirements of the Article which requires persons generating municipal solid waste within its municipal boundaries to source separate from the municipal solid waste stream, the specified recyclable materials if those persons have otherwise provided for the recycling of all designated recyclable materials. To be eligible for an exemption pursuant to this Article, a commercial or institutional generator of solid waste shall file an application for exemption with the Municipal Recycling Coordinator on forms to be provided for this purpose. The form shall include, at a minimum, the following information: the name of the commercial or institutional entity; the street address location and lot and block designation; the name, official title and phone number of the person making application on behalf of the commercial or institutional entity; the name, address, official contact person and telephone number of the facility

which provides the service of recycling those designated recyclable materials, and a certification that the designated recyclable materials will be recycled, and that, at least on an annual basis, said recycling service provider or commercial/institutional generator shall provide written documentation to the Municipal Recycling Coordinator of the total number of tons collected and recycled for each designated material.

§ 107-19. Separation procedures.

A. Commingled recyclable materials, corrugated cardboard, ferrous scrap, lead acid batteries, mixed paper, newspaper, leaves, used oil and white goods shall be kept separate from and not be mixed with regular refuse collected separately.

B. Between October 15 through December 15 of each year leaves, which are gathered, must be placed for disposal in biodegradable paper bags with a maximum weight of fifty (50) pounds, which can be composted together with leaves so as to prevent the yard waste from spilling or blowing out into the street and coming into contact with storm water.

C. Corrugated cardboard, mixed paper, and newspapers shall be tied or otherwise secured in bundles not exceeding thirty (30) pounds per bundle in weight or greater than twelve (12) inches per bundle in height.

D. All glass objects shall be cleaned of food or other material.

E. Aluminum or steel/tin cans shall be cleaned and contain no liquid or solid material.

F. Commingled recyclable materials shall be placed at the curb in a reusable container with drain holes. The weight of an individual filled container shall not exceed thirty (30) pounds.

G. Lead acid batteries shall be brought and recycled at the semi-annual Essex County Household Hazardous Waste collection events, typically held the first Saturday of May and October. Further information is available through the Essex County Utilities Authority website at <http://www.ecuanj.com>.

H. Used oil shall be brought and recycled at the nearest state licensed re-inspection station, oil retailer or retail service station.

I. White goods shall be recycled at curbside by the City of Orange disposal contractor once a month.

§ 107-20. Disposal.

A. The Director of Public Works/Municipal Engineer is hereby authorized and directed to negotiate and to enter into contracts to dispose of all used recyclables collected by the city as herein described or to place the same out to bid if required by Local Public Contracts Law. The city may utilize its own personnel to collect recyclables or may contract out the cost of collection.

B. Anything wherein to the contrary notwithstanding any person may donate or sell recyclables to any person whether for profit or not for profit. It shall be further permissible under the terms of this section for any person to obtain a permit from the City of Orange

Township to collect recyclables within the city. Any person obtaining such a permit shall not pick up recyclables from the curb without specific permission to do so.

C. From the time of placement at the curb of recyclables for collection by the City of Orange Township in accordance with the terms thereof, such recyclables shall be and become the property of the City of Orange Township or its authorized agents or designated entities.

D. It shall be a violation of this Article for any person unauthorized by the city to collect or pick up or cause to be picked up or collected such recyclables. Any and each collection is a violation hereof, from one (1) or more residences, and shall constitute a separate and distinct offense punishable as hereinafter provided.

§ 107-21. Collection of recyclable materials.

The collection of recyclable material shall be in the manner prescribed as follows:

A. All containers and brown paper bags containing recyclable materials shall be placed, prior to collection, between the curb and the sidewalk, or in the absence of curb and sidewalk, as near to the street as not to constitute a danger, where such receptacles shall be readily accessible to the collector without providing obstruction to pedestrians. The owner or occupant of the premises shall keep all receptacles clean and in safe handling condition. Receptacles or other items to be disposed of shall be placed as noted above any time after 10:00 p.m. of the day immediately preceding the day of collection, but no later than 7:00 a.m. of the day of collection. B. All receptacles or dumpsters shall be maintained in accordance with the Health Code of the City of Orange Township.

§ 107-22. Residential dwelling compliance requirements.

The owner of any property shall be responsible for compliance with this Article. For multifamily units, the management or owner is responsible for setting up and maintaining the recycling system, including collection of recyclable materials, in accordance with guidelines or regulations established by the City of Orange Township, Department of Public Works. Violations and penalty notices will be directed to the owner or management, in those instances where the violator is not easily identifiable. The management shall issue notification and collection rules to new tenants when they arrive every six (6) months during their occupancy. Proof of tenant notification shall be provided to the Municipal Recycling Coordinator if requested.

§ 107-22.1. Nonresidential establishment compliance requirements.

A. All commercial and institutional generators of solid waste shall be required to comply with the provisions of this Article.

B. The arrangement for collection of designated recyclables hereunder shall be the responsibility of the commercial, institutional or industrial property owner or their designee, unless the municipality provides for the collection of designated recyclable materials. All commercial, institutional or industrial properties which provide outdoor litter receptacles and disposal service for their contents shall also provide receptacles for designated recyclable materials, for those

materials commonly deposited, in the location of the litter receptacle, and shall provide for separate recycling service for their contents.

C. Prior to March 1 of each year, occupants of all Commercial and Institutional establishments, multifamily housing owners or their agents shall report, on forms provided by the municipality, to the Municipal Recycling Coordinator, the tonnage of recyclables collected and removed from the municipality during the previous year. (Amended 3-15-2016 by Ord. No. 10-2016)

D. All food service establishments, as defined in the Health Code, shall, in addition to compliance with all other recycling requirements, be required to recycle grease and/ or cooking oil created in the processing of food or food products, and maintain such records as may be prescribed, for inspection by any Code Enforcement Officer.

§ 107-22.2. New developments of multifamily residential units or commercial, institutional, or industrial properties (Pursuant to N.J.S.A. 13:1E-99.13A and 99.16c).

§ 107-22.2 ORANGE TOWNSHIP CODE § 107-22.5

A. Any application to the Planning Board of the City of Orange Township for subdivision or site plan approval for the construction of multifamily dwellings of three (3) or more units, single-family developments of fifty (50) or more units or any commercial, institutional, or industrial development for the utilization of one thousand (1,000) square feet or more of land, must include a recycling plan. This plan must contain, at a minimum, the following:

(1) A detailed analysis of the expected composition and amounts of solid waste and recyclables generated at the proposed development; and

(2) Locations documented on the application's site plan that provide for convenient recycling opportunities for all owners, tenants, and occupants. The recycling area shall be of sufficient size, convenient location and contain other attributes (signage, lighting, fencing, etc.) as may be determined by the Municipal Recycling Coordinator.

B. Prior to the issuance of a certificate of occupancy by the City of Orange Township, the owner of any new multifamily housing or commercial, institutional, or industrial development must supply a copy of a duly executed contract with a hauling company for the purposes of collection and recycling of source-separated recyclable materials, in those instances where the city does not otherwise provide this service.

C. Provision shall be made for the indoor, or enclosed outdoor, storage and pickup of solid waste, to be approved by the Municipal Engineer.

§ 107-22.3. Prohibition of the collection of solid waste mixed with recyclable materials.

A. It shall be unlawful for solid waste collectors to collect solid waste that is mixed with, or contains visible signs of, designated recyclable materials. It is also unlawful for solid waste collectors to remove for disposal those bags or containers of solid waste which visibly

display a warning notice sticker or some other device indicating that the load of solid waste contains designated recyclable materials.

B. It shall be the responsibility of the resident or occupant to properly segregate the uncollected municipal solid waste for proper disposal or recycling. Allowing such unseparated solid waste and recyclables to accumulate will be considered a violation of this Article and the local sanitary code.

C. One placed in the location identified by this Article, or any rules or regulations promulgated pursuant to this Article, no person, other than those authorized by the City of Orange Township, shall tamper with, collect, remove, or otherwise handle designated recyclable materials.

§ 107-22.4. Enforcement.

The Code Enforcement Official, the Department of Health, the Municipal Recycling Coordinator, the Housing Officer and the Essex County Department of Health are hereby individually and severally empowered to enforce the provisions of this Article. An inspection may consist of sorting through containers and opening of solid waste bags to detect, by sound or sight, the presence of any recyclable material.

ARTICLE IV

Construction Materials

[Adopted 4-1-2003 by Ord. No. 7-2003]

§ 107-23. Removal of construction and demolition materials.

Any owner, tenant, housekeeper, management company, operator, corporation or other person or entity or contractor occupying or operating or performing work at any dwelling house or commercial property, or portion thereof, in the city, shall dispose for collection any construction or demolition materials from any structure in the city. All such disposal must utilize a roll off container pursuant to section 107-10, and shall be contracted for removal on a private basis. No construction or demolition material shall be disposed of at the curb or sidewalk. No construction or demolition material shall be piled loosely outside of a container in the City.

§ 107-24. Consent of owner required for removal.

No person shall engage in the act of collecting or removing siding, drainage gutters, copper materials, aluminum, piping or any other refuse from a residential or commercial building whether unoccupied or occupied without the expressed written consent of the owner and a permit obtained from the Department of Public Works.

§ 107-25. Violations and penalties.

Violators of this section shall be liable for fines up to two thousand dollars based on property type. Residential properties are properties that have one to two family homes. Commercial properties are any properties that have three or more family dwellings and commercial space. Residential properties shall receive a warning for their first offense. For a second offense, they shall be fined two hundred and fifty dollars (\$250). For a third offense, they shall be fined five hundred dollars (\$500). For a fourth offense, they shall be fined one thousand dollars (\$1000.) Commercial properties will be fined a thousand dollars for their first offense. A second offense fine shall be two thousand five hundred dollars (\$2,500) or imprisonment for a period not to exceed six (6) months. The two thousand five hundred dollar (\$2,500.) fine may be assessed on a continuing per day basis for each of the violations continued.

~~*Any violation of the above provisions shall subject the offender to a fine of not less than two hundred thousand dollars (\$2,000.) nor more than five hundred dollars (\$500.) for each day violation continues or a term of imprisonment not to exceed thirty six (6) days, months.*~~

ARTICLE V

Bulk Garbage

§ 107-26. Bulk Waste Definition

Bulk waste should include but not be limited to: brush, carpet, furniture, mattresses wrapped in plastic, household contents, pallets, and other larger items which are not easily containerized, and which do not exceed two hundred pounds (200 lbs) in weight.

§ 107-27. Items Exempt from Bulk Waste Collection

Bulk waste does not include appliances, white metal, electronics, construction or demolition materials, or automotive parts.

§ 107-28: Placement of Bulk Garbage for collection; time of placement.

A. Bulk waste will be collected once a week on designated days. No bulk wastes will be placed outside for disposal before 7:00pm night before pick up. All bulk must be separated from any other disposable material such as garbage or recycling. All bulk garbage must be placed between sidewalk and curb. If no sidewalk is present, bulk garbage must be placed on the curb.

B. The number of bulk waste of items to be disposed of in one pick up shall be limited to five items.

C. Violators of this section shall be liable for fines up to two thousand dollars based on property type. Residential properties are properties that have one to two family homes. Commercial properties are any properties that have three or more family dwellings and commercial space. Residential properties shall receive a warning for their first offense. For a second offense, they shall be fined two hundred and fifty dollars (\$250). For a third offense, they shall be fined five hundred dollars (\$500). For a fourth offense, they shall be fined one thousand dollars (\$1000.) Commercial properties will be fined a thousand dollars for their first offense. A second offense fine shall be two thousand five hundred dollars (\$2,500) or imprisonment for a period not to exceed six (6) months. The two thousand five hundred dollar (\$2,500.) fine may be assessed on a continuing per day basis for each of the violations continued.
