

**CITY COUNCIL**

**The City of Orange Township, New Jersey**

DATE January 3, 2023

NUMBER 10-2023

**TITLE:**

**A RESOLUTION AUTHORIZING THE CITY OF ORANGE TOWNSHIP TO SUBMIT CERTAIN PROJECT APPLICATIONS FOR INCLUSION WITHIN THE COUNTY OF ESSEX COMMUNITY DEVELOPMENT BLOCK GRANT APPLICATION FOR THE YEAR 2023.**

**WHEREAS**, the City of Orange township is a participating municipality in the Essex County Community Development Block Grant (CDBG) program; and

**WHEREAS**, The City of Orange Township desires to request funding under the CDBG program year 2023 for the following projects:

<u>PROJECTS</u>	<u>PRIORITY</u>	<u>COSTS</u>
Repaving Tompkins Street	1	\$360,900.00
<b>TOTAL BUDGET</b>		<b>\$360,900.00</b>

**NOW, THEREFORE BE IT RESOLVED** that the Municipal Council does hereby authorize the Mayor to submit applications for funding under the Essex County Community Block Grant Program for these projects by priority number.

Adopted: **January 3, 2023**

### Overview

---

## Community Development Block Grant Program PY 2023 CDBG Application - Public Facilities & Improvements

Joseph N. DiVincenzo,  
Jr.  
Essex County Executive

Anibal Ramos, Jr.  
Department Director

John M. Soares  
Division Director

This application is for public facility and improvement projects (NOT for Public Service or for Rental/Mortgage Assistance).

#### PROGRAM DESCRIPTION

In 1974, the federal government enacted the Federal Housing and Community Development Act. Title I of the Act combined several funding programs into a single program called "Community Development Block Grant" (CDBG). Congress designed the CDBG program to enhance and maintain the viability of urban communities. The CDBG program accomplishes these goals by providing decent housing, suitable living environments and expanded economic opportunities; principally for low-and moderate-income persons. The U.S. Department of Housing and Urban Development (HUD) administers the CDBG program through state and local governments.

Communities receiving CDBG block grants are free to develop their own programs and funding priorities based on local community development needs. However, these "entitlement communities" must promote the national CDBG objectives by giving the highest funding priority to activities which benefit low-and moderate-income persons, or which aid in the elimination and prevention of slums and blight. Under certain circumstances, CDBG funds may be used as urgent need to address an immediate threat to public health and safety. CDBG activities must adhere to federal eligibility requirements to ensure consistency with the national objectives.

#### PROGRAM GUIDELINES

Federal regulations define the parameters for using CDBG funds according to the national objectives. They also specify eligible program activities. Copies of these regulations are available on HUD's website at: <http://www.hud.gov/offices/cpd/lawsregs/>.

- Eligible activities include acquisition of real property for an eligible use, construction and rehabilitation of public facilities, demolition and clearance of deteriorated buildings, community services for low-and moderate-income persons or households, removal of barriers that restrict the mobility of elderly and severely disabled adults, and special economic development activities. Eligible public facilities are publicly owned, traditionally provided by the government, or owned by a nonprofit and open to the general public. Examples include but are not limited to neighborhood facilities, firehouses, public schools, libraries, and buildings that shelter persons with special needs, such as nursing and convalescent homes, hospitals, shelters and/or transitional housing for victims of domestic violence and the homeless, halfway houses for run-away children, drug offenders or parolees, and group homes for the developmentally disabled. Public improvements include but are not limited to streets, sidewalks, curb and gutters, parks, playgrounds, water and sewer lines, flood

and drainage improvements, utility lines, and aesthetic amenities on public property such as trees.

- Ineligible activities include construction of religious facilities or government buildings, new housing construction, equipment purchases, maintenance and operation expenses, political or religious proselytizing, and fund raising. Government buildings include buildings or other facilities in which the legislative, judicial or general administrative affairs of government are conducted, but does not include buildings which are used to deliver services to the public, such as police stations or fire stations. However, CDBG assistance to a building in which the chief of police or the fire captain have their offices would generally be ineligible.

County staff will review all proposals for eligibility and rate the proposals based on their consistency with the national CDBG objectives and the strategies and goals of the adopted Consolidated Plan, and the historical performance of completing proposed activities in a timely manner for applicants that have previously received CDBG awards. Approved proposals and their evaluations will be forwarded to the Board of County Commissioners and to the County Executive office for funding priority ranking/recommendations.

#### **PROGRAM GOALS**

**The County funds organizations who exemplify the capacity to provide benefits to low and moderate income persons within the County of Essex, NJ, to eliminate and prevent slums and blight, to deliver services in times of emergencies and to address urgent needs for the county.**

#### **APPLICATION NOTES**

The Essex County Division of Housing and Community Development reserves the right to reject any application that is not completed in accordance with the following instructions.

All completed applications will be reviewed by the Essex County Office of Inspector General and any findings could result in the disqualification of an application.

#### **APPLICATION REQUIREMENTS**

The application must be completed in its entirety via the Neighborly Software Portal for the applicable PY 2023 CDBG Services or PY 2023 CDBG Public Facilities/Improvements applications. A completed application along with accompanying attachments and exhibits must be submitted by 6 PM on Thursday, December 29, 2022. Late applications will not be accepted.

To register with Neighborly Software, go to <https://portal.neighborlysoftware.com/essexcountynj/Participant>

All requested supporting documents must be submitted in order for an application to be considered complete. Any attachments that are not requested in the application will not be considered in the score ranking of your application.

A separate application is required for each project or activity. All infrastructure improvement projects must contain separate cost estimates for each area to be completed. For example, a neighborhood project consisting of the reconstruction of 10 streets can be submitted in one application, however each street should

be listed with its own qualifying data and cost estimate including engineering costs. This also includes water, sewer and sidewalk projects.

#### **UEI AND SAM REGISTRATION**

To be eligible for receipt of federal funds from the County you must provide a valid Unique Entity ID (UEI) Number and be registered under the System of Awards Management (SAM). Visit [www.sam.gov](http://www.sam.gov) for more information about registering with SAM and obtaining a Federal UEI number.

#### **CENSUS TRACT DATA FOR AREA BENEFIT ACTIVITIES**

Census tract, and block group must be entered for Area Benefit projects based on 2015 ACS data. To obtain the data required to assess if an Area Benefit project is eligible for CDBG funds, please search for the applicable Census tract and Block Groups via the website at:

<https://hud.maps.arcgis.com/apps/webappviewer/index.html?id=ffd0597e8af24f88b501b7e7f326bedd#>

Note that HUD may update census tract data after applications are submitted, in which case we would reassess income eligibility of various projects.

#### **ADA PROJECT ACTIVITIES**

ADA activities service a Limited Clientele. For these projects please provide the estimated population of seniors and disabled adults from the community being serviced. This data can be obtained from US Census demographic data. Note that disabled children younger than 18 years old are not considered when defining the population being served for these type of projects. To expedite the preparation of data for HUD, it would be helpful, but not required, to provide the census tract and block group for the primary office or project site for the proposed activity.

#### **DIRECT BENEFIT ACTIVITIES**

Describe the source where your data is derived from and upload applicable supporting documentation as requested.

#### **PERFORMANCE MEASUREMENT**

Identify the national objective which your proposed project will fulfill and define the special population which you will serve. Explain how your proposed project will fit the needs of the population you plan to serve (i.e. removal of ADA barriers, case management services for victims of domestic violence). Describe how your proposed project will assess the needs of your target population (i.e. the removal of ADA barriers will create an avenue for disabled citizens to receive services, make the victims of domestic violence more knowledgeable). Discuss how success of the proposed project will be measured (i.e. the organization

regularly monitors the status of the population served by performing annual income certifications, financial documentation, etc.).

#### **PROJECT SITES LOCATED IN FLOOD PLAINS**

**Please provide copy of flood insurance and /or confirm if the municipality is participating in the National Flood Insurance Program.**

#### **SCOPE OF SERVICES AND BUDGETS**

**Please provide concise and clear and reasonable accurate descriptions for the proposed scope of services and budgets. Remember that scope and budget descriptions are the basis for disbursing funds during the voucher process.**

#### **CAPITAL IMPROVEMENT PROJECTS FOR NON PROFIT AGENCIES**

**Please provide a recent building appraisal and title search or rundown for the proposed project property. If the Agency cannot provide these documents we require a board resolution or other legal document that shows the Non-Profit's ability to provide a personal guarantee or other type of credit enhancement in lieu of entering into a lien agreement with Essex County for the CDBG improvement funds. The County reserves the right to record a five year property lien for capital improvement projects.**

#### **OTHER FORMS**

**Be advised the following documents must be electronically executed via the application portal:**

- Fair Housing Certification
- Certification of Application
- Certification of Title 2 CFR Part 200. **MUST be signed and completed by the agencies Chief Financial Officer. The agencies Treasurer or Executive Director must sign if no CFO exists**
- Requirements for Non-Profits
- Political Contributions

#### **SECTION 3 REQUIREMENTS**

**For activities that receive a federal grant/loan award equal to or in excess of \$200,000, the sub recipient and the applicable contractors must provide information detailing whether the construction workers qualify as Section 3 workers. Failure to provide this data will result in a recapture of approved Federal**

**funding.**

## C. Project Details

Completed by wsykes@orangenj.gov on 12/22/2022 11:42 AM

Case Id: 37317

Name: City of Orange Township - 2023/24

Address: \*No Address Assigned

---

### C. Project Details

---

Please provide the following information.

**C.1. Describe the proposed project, its implementation strategies and quantify (i.e., four new storm drains will be installed, street will be resurfaced with 600 linear feet of asphalt, etc.) the work to be performed for the proposed project with the requested CDBG funds.**

The City of Orange Township is applying for a 2023 Essex County Community Development Block Grant for the Tompkins Street Resurfacing Project. This project includes the milling and paving of a local road in a low/mod Census Tract that is in urgent need of preservation. The road to be improved is located in Census Tract 189, Block 4, which has 594 residents, about or little over 80.9% of whom are classified as low-moderate income (LMI). Due to the importance of this road to residents of Orange, and residents of Tract 189 in particular, roadway preservation is needed in order to ensure that Tompkins Street continues to serve the local community. The limits of this project, Tompkins Street from Forest Street to Freeman Street, spans 765 feet in length and 30 feet in width, and is designated by the Orange Department of Public Works and Engineering Departments as a high priority road for preservation.

The proposed scope of work includes milling and paving of Tompkins Street from Forest Street to Freeman Street, concrete sidewalks, curbing, and driveway apron improvements, ADA-compliant detectable warning surfaces, regulatory and warning signage, traffic striping (i.e. crosswalks, lane markings, etc.) with high visibility thermoplastic, and miscellaneous soil and seeding. Tompkins Street is a poor state of repair, as demonstrated in the enclosed photos, and the proposed project will restore the road and improve safety and accessibility for all modes and users.

**C.2. Total number of persons OR households benefiting from the proposed project (use households only if providing affordable housing or low/mod income housing benefits):**

**Households Benefiting (only if providing housing benefits)**

**Persons Benefiting**

594

**C.3. Project Benefit**

Area Benefit

**C.4. Source of Data**

ACS Data

**If Other, specify:**

**C.5. List ACS Data Information:**

Printed By: Wendy Sykes on 12/22/2022

10 of 23

Census Tract	Block Group	Percent	Number of LMI Persons
--------------	-------------	---------	-----------------------

**C.6. Planning / Zoning Approvals**

Permit/Variance	Required	Date Approved/Anticipated Approval
Use/Area Variance	No	M/d/yyyy
Parking Variance	No	M/d/yyyy
Rezoning	No	M/d/yyyy
Site Plan Approval	No	M/d/yyyy
Building Permit	No	M/d/yyyy

## D. Performance Measurement

Completed by [wsykes@orangenj.gov](mailto:wsykes@orangenj.gov) on 12/22/2022 11:43 AM

Case Id: 37317

Name: City of Orange Township - 2023/24

Address: \*No Address Assigned

---

### D. Performance Measurement

---

Please provide the following information.

#### D.1. Objective

Create a sustainable living environment

#### D.2. List any special population (i.e., chronically homeless, handicapped, etc.) that the project will target for assistance.

The project does not directly or singularly benefit a special population. However, the project is located in a Census Tract where more than 80% of households have low/mod incomes. Additionally, ADA-compliant curb ramps will enhance accessibility to public infrastructure for individuals with disabilities.

#### D.3. How does this proposed project fit the needs of the population to be served?

Tompkins Street is situated in an area that is both densely populated and heavily built. Given that Orange is one of the most densely populated municipalities in the state and the nation, it is essential to offer a quality infrastructure for drivers as well as functional and safe sidewalks and streets for pedestrians in order to lessen the likelihood of accidents and injuries. Degrading roads have a detrimental effect on vehicle performance and health, increase fuel consumption, and eventually lead to higher costs for road users, particularly low- to moderate-income individuals.

#### D.4. How are the target population's needs assessed?

Marty Mayes, Director of the Orange Department of Public Works and Engineering, and his staff have visually surveyed all roads in the City of Orange Township. Based on the roadway ranking system, Tompkins Street is identified as a priority roadway for preservation. The roadway has visible signs of fatigue cracking, longitudinal cracking, slippage cracking, and places with potholes and utility patches that worsen the driving surface.

#### D.5. Describe performance measures used to evaluate the success of the proposed project

The project will be evaluated based on the completion of all roadway construction activities and associated documentation including purchase orders, contractor payment records, before and after photos, and public records, including actions taken by the City Council and documents executed by the Department of Public Works.

#### D.6. Identify which County priority, as described in the 2020-2024 Consolidated Plan, that your proposed project addresses?

Public Improvement Needs

#### D.7. Describe how the proposed project will achieve the priority identified above.

Tompkins Street is currently in a poor state of repair and is unable to fully service the needs of drivers, pedestrians, bicyclists, and other road users. The proposed scope of work includes the full reconstruction of the right of way, including repaving the roadway, lane markers, crosswalks, curbing, sidewalks, drainage, and signage improvements. The project targets a high priority roadway for preservation and will improve public facilities in a low/mod Census Tract.

**D.8. Check the box of the national outcome which will be satisfied with the completion of your proposed project.**

- Availability/Accessibility**
- Affordability**
- Sustainability**

## E. Federal Requirements

Completed by wsykes@orangenj.gov on 12/22/2022 11:44 AM

Case Id: 37317

Name: City of Orange Township - 2023/24

Address: \*No Address Assigned

---

### E. Federal Requirements

---

Please provide the following information.

#### ENVIRONMENTAL HAZARDS

**E.1. If the site for the proposed project is located within a flood plain, does applicant participate in the National Flood Insurance Program and/or have private flood insurance?**

Not Applicable

**E.2. Will the proposed project impact groundwater?**

No

**E.3. Will the proposed project impact a historical or archaeological structure of site?**

No

**E.4. Are there any other known environmental hazards by the proposed project?**

No

If Yes, please explain

*If site is historical, contact local Historical Commission for input on capital projects.*

---

### Documentation

---

**Attach Quad maps showing the location and service area of the proposed project (For capital projects only)**

Quad Map-Thompkin St & Pl.pdf

**Photographs (capital projects only) Attach four 4" x 6" colored photos (no Polaroids) of the site and/or structure. (1) facing down the street, (1) facing up the street, (1) facing the front of site/structure, (1) in front facing away from site/structure**

Photographs-Tompkins.pdf

**Supporting Documentation for National Flood Insurance Program or Private Flood Insurance**

**\*\*No files uploaded**

Printed By: Wendy Sykes on 12/22/2022

14 of 23

**Regulations (for capital projects only) if project is contingent upon other federal, state or local governmental requirements attach approvals, grant matching, etc. docs.**

***\*\*No files uploaded***

## F. Financials

Case Id: 37317

Name: City of Orange Township - 2023/24

Completed by [wsykes@orangenj.gov](mailto:wsykes@orangenj.gov) on 12/22/2022 11:47 AM

Address: \*No Address Assigned

---

### F. Financials

---

For Capital Improvement projects for Non-Profit Agency Public Facilities, a recent building appraisal and title search/run-down for the proposed project property is requested. If the Agency cannot provide these documents, a board resolution or other legal document that affirms the Non-Profit's ability to provide a personal guarantee or other type of credit enhancement in lieu of entering into a lien agreement with Essex County for the CDBG improvement funds should be submitted. The County reserves the right to record a 5 year restrictive lien that ensures the project site will be utilized to deliver the programs and services defined in the grant contract agreement.

**F.1. List any judgment, lien, bankruptcy, litigation, indictment, debarment or criminal conviction below. These legal actions will not necessarily disqualify your application but failure to inform the County of Essex of these items will likely cause your application to be rejected. List the or identification number for each of these legal actions.**

Not applicable

**F.2. List all potential funding sources for this proposed project.**

Funding Source	Funding Status	Amount
n/a	Committed	\$0.00
Total		\$0.00

**F.3. Is one of the sources of funds from a municipality?**

No

**a. If Yes, are the necessary funds contained in the capital or current budget?**

**b. If funds are contained in a Capital Budget, when will the municipality introduce a bonding ordinance?**

**F.4. Project Budget**

Budget Item	Total Project Cost	CDBG Funding Requested
Construction: Roadway Striping	\$542.50	\$542.50
Construction: Roadway Milling	\$20,400.00	\$20,400.00
Construction: Roadway Paving	\$0.00	\$0.00
Construction: Roadway Tree Planting	\$0.00	\$0.00
Construction: Traffic Cones	\$2,295.00	\$2,295.00
Construction: Roadway Asphalt	\$70,234.00	\$70,234.00
Construction: Roadway ADA Improvements	\$1,116.00	\$1,116.00
Construction: Building	\$0.00	\$0.00

Construction: Building HVAC	\$0.00	\$0.00
Construction: Building ADA Improvements	\$0.00	\$0.00
Other	\$266,312.50	\$266,312.50
	\$360,900.00	\$360,900.00

**F.5. Provide additional comments on the proposed budget. If you selected "Other" as a budget item provide a detailed description of what costs are included in "Other."**

Other includes Curbing, Sidewalks, Signage, Drainage Improvements, Tree Removal, Soil and Seeding, Traffic Control, as well as soft costs for design engineering and construction inspection

## H. Certifications

Completed by [wsykes@orangenj.gov](mailto:wsykes@orangenj.gov) on 12/22/2022 11:47 AM

Case Id: 37317

Name: City of Orange Township - 2023/24

Address: \*No Address Assigned

---

### H. Certifications

---

Please provide the following information.

#### H.1. Fair Housing Certification

In accordance with the applicable statutes and the regulations governing consolidated plan regulations, the municipality/agency/applicant certifies that it will affirmatively further fair housing, which means it will utilize the County's analysis of impediments to fair housing choices within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard. The municipality/agency/applicant shall notify the County of any Fair Housing violations. Documented violations will result in the withholding of Federal funds.

#### H.2. Equity and Social Justice Certification

The municipality/agency/applicant certifies that it will provide public services and/or capital improvements that will be in compliance with the Equity and Social Justice obligations for CDBG funded activities. Essex County, through its' Five Year Consolidated Plan, and the U.S. Department of Housing and Urban Development (HUD), strive to reach and serve citizens and communities in a fair and equitable manner. "Equity" in this instance means all people have full and equal access to opportunities that enable them to attain their full potential. "Community" shall mean a group of people who share some of all of the following: geographic boundaries, sense of membership, culture, language, common norms and interest. Access to services, programs, facilities and housing is necessary to have equity for all persons, regardless of race, class, gender or language spoken. Inequities are created when barriers exist that prevent individuals and communities from accessing these opportunities and achieving their full potential.

#### H.3. What policies/ordinances does your municipality/agency have in place that addresses equity and social justice?

Redevelopments are required to hire 30% of local residents for building projects under the city's First Source Employment policy. In a similar vein, we abide by HUD rules that mandate recruiting inhabitants of public housing for employment possibilities. The City funds recreational activities for people of various ages, interests, and abilities, including those who are physically challenged.

#### H.4. What methods or tools does your agency use to ensure that your service delivery is equitable?

The methods adopted for First Source/Section 3, holding job fairs, and monitoring hiring of citizens and residents.

#### H.5. What steps will you take going forward to address barriers that may cause inequity in your service delivery?

The City will utilize a public contracts officer to ensure compliance with all aspects and ordinance shall prevent inequity in our service delivery.

# I. Political Contributions

Case Id: 37317
