Taxpayer Identification# 013-351-034/000

Dear Business Representative:

Congratulations! You are now registered with the New Jersey Division of Revenue

Use the Taxpayer Identification Number listed above on all correspondence with the Divisions of Revenue and Taxation, as well as with the Department of Labor (if the business is subject to unemployment withholdings). Your tax returns and payments will be filed under this number, and you will be able to access information about your account by referencing it.

Additionally, please note that State law requires all contractors and subcontractors with Public agencies to provide proof of their registration with the Division of Revenue. The law also amended Section 92 of the Casino Control Act, which deals with the casino service industry.

We have attached a Proof of Registration Certificate for your use. To comply with the law, if you are currently under contract or entering into a contract with a State agency, you must provide a copy of the certificate to the contracting agency.

If you have any questions or require more information, feel free to call our Registration Hotline at (609)391-6222.

I wish you continued success in your business endeavors.

Sincerely,

James J. Fuscone

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-DIV (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1099-L (same mortgage interest), 1099-II (student loan interest), 1099-T (tithes)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

**Re: City of Orange Township
Scope of Services & Cost Proposal for Improvements to "Ropes Playground"
M2022-220**

Dear Mr. Mayes:

As you are aware, Remington & Vernick Engineers has previously prepared conceptual plans and engineers estimates of costs for improvements to Ropes Playground. The City has previously applied for and has received Green Acres funding in the amount of \$555,850.80.

The above referenced application requested funding for the following major improvements:

- Resurfacing of the existing basketball court including new athletic court painting/stripping and new basketball goals.
- Construction of new picnic area with shade sail.
- Reconstruction of the existing splash pad.
- Reconstruction of the existing playground area.
- Construction of new stamped concrete circulation pathways.
- Demolition of existing bathroom building and the construction of a new prefabricated bathroom building.

Remington & Vernick Engineers is pleased to provide the following scope of services and associated cost proposal for the field surveying / base plan preparation, engineering & design, bid documents / specifications, contract administration, and construction observation services for the proposed improvements.

Our office proposes the following five (5) phase approach for the professional services required for the proposed improvements.

PHASE I: FIELD SURVEY, BASE PLAN PREPARATION & UTILITY NOTIFICATION

Remington & Vernick Engineers (RVE) will perform topographic surveying & prepare initial base plans. Our survey staff will perform all necessary field and topographic surveying tasks to accurately locate and identify all existing features within the areas of the proposed improvements.

Field Survey & Base Plan Preparation

All field survey information will be obtained by collecting existing data utilizing an electronic total station instrument. Topographic survey information will be obtained at fifty-foot (50') intervals to adequately locate, describe, and obtain the vertical and horizontal characteristics for design purposes.

This information may include, but not necessarily be limited to:

- Existing top of curb, edge of pavement / gutter, and sidewalk & driveways, as needed.
- Storm inlet grates, manhole rims, vent/valve boxes. Inverts and as-built information will be obtained for any storm sewer systems that are visible.
- Above-ground utilities.
- Location of all existing trees and shrubs within the project limits.
- Location of existing playground structures and play area within the project limits.
- A survey baseline (if required), horizontal and vertical control information will be established in the field and included on the plans.

Base maps with plan and profile views will be prepared in Auto-Cad, 2019 format at an appropriate scale.

Utility Organization / Agency Coordination

Remington & Vernick Engineers will submit the base plan to local utilities to confirm the approximate location and type of all above and below ground utilities within the project limits. Additionally, the respective utilities will be notified of the City's intent to improve the facility, and that they should check their proposed capital improvements or maintenance operation schedule to avoid potential disturbance of the site after the project is constructed. These utility organizations include:

- Gas Utilities
- Electric Utilities
- Sewer / Municipal Utilities Authorities
- Water Utilities
- Telephone Utilities
- Cable Utilities

Remington & Vernick Engineers will coordinate with Federal, State, County, or Local Agencies that may need to be notified of the proposed improvements in which coordination / notification will be required.

PHASE II: ENVIRONMENTAL "PRELIMINARY ASSESSMENT REPORT"

An environmental preliminary assessment (PA) report must be submitted for each park and is a requirement of the Green Acres Program. Accordingly, RVE will prepare and submit the Preliminary Assessment (PA) Report(s) in accordance with current New Jersey Department of Environmental Protection (NJDEP) "Technical Requirements for Site Remediation" (N.J.A.C. 7:26E-3.1-3.2) for environmental site assessments to satisfy NJDEP Green Acres Program requirements (N.J.A.C. 7:36-8.2).

The Preliminary Assessment Report(s) will include a site inspection, interviews with owners and / or operators of the facility, a review of available historic records, maps, photos as well as a review of Federal, State, and Local agency environmental records for the property. This information will be summarized in an individual "Preliminary Assessment Report" in accordance with NJAC 7:26E-3.1-3.2.

RVE will purchase the required database reports from Environmental Data Resources (EDR), which includes database listings, aerial photographs, and Sanborn Maps (if available) for all three sites; an environmental lien search; and a "1932 Chain-of-Title" search for the property included in this survey. A visual inspection and walkthrough of each property will be performed prior to completion of the report.

We anticipate this task can be completed and submitted to Green Acres and the City of Orange Township within thirty (30) calendar days of authorization to proceed.

PHASE III: ENGINEERING & DESIGN

This phase of the project will consist of the preparation and development of the proposed improvements, plans, specifications, bid documents, and engineer's estimate of cost to a point that will be approximately ninety percent (90%) complete.

Landscape Architecture

Our Registered Landscape Architects will finalize the portions of work identified in the concept plan for Ropes Playground. The design development documents will consist of drawings, details and other documents to refine the Schematic Development Phase of the project. Finally, our Landscape Architects will develop the preparation of construction drawings and specifications detailing proposed including playground equipment, safety surfacing, landscaping, and any other proposed site improvements.

Engineering & Design Standards

All designs shall be in conformance with current Federal, State, County and Local Agency standards.

Bid Documents & Specifications

Remington & Vernick Engineers will provide all documents necessary for bidding in accordance with the standards of the City of Orange Township and Essex County.

Specifications in the appropriate format will be used. A detailed Engineer's Estimate of cost for the project will be prepared and provided.

Plans Format / Layout

In general, the plans for the project will consist of the following pages:

- Title Page with Project Location Map
- Standard Legend, General Notes & Distribution of Quantities
- Existing Conditions Plan
- Demolition Plan
- Site Plan(s)
- Utility Plan(s)
- Grading & Drainage Plan(s)
- Soil Erosion & Sediment Control Plan(s) & Details
- Construction Detail(s)

Permitting

Our office anticipates a County Soil Conservation District Certification will be required since disturbance will be over five thousand square feet (5,000 SF). Remington & Vernick Engineers will perform all reasonable work and coordination services required to obtain the soil conservation district certification. The City will be responsible for the payment of the permit fees required by the agency.

Project Coordination

Remington & Vernick Engineers anticipates at least two (2) meetings in some instances for the purposes of project coordination, obtaining input, design, and improvement comments from the City.

Additionally, Remington & Vernick Engineers will submit second utility notification and accompanying plans of the improvements to the utility organizations. This will give the utility organizations a second opportunity to check their proposed capital improvement plans or maintenance operation schedule to avoid disturbance of the proposed improvements after construction.

Upon receipt of all comments from the City and / or review agencies, Remington & Vernick Engineers will make minor revisions to the plans, specifications, and bid documents as reasonably necessary and/or required.

PHASE IV: ADVERTISEMENT & BIDDING SUPPORT SERVICES

The following tasks will be performed for this phase:

- Provide fifteen (15) sets of contract documents for bidding purposes.
- Provide one (1) copy of contract documents on CD-ROM.
- Perform all work necessary to coordinate advertisement and bid receipt date with the Township.
- Answer and respond to all prospective bidder's questions during the advertisement period.
- Prepare written clarification and / or issue formal addendums, as necessary.
- Attendance at bid opening, review bid submissions, prepare bid tabulation, and prepare a recommendation of award.

PHASE V: CONTRACT ADMINISTRATION & CONSTRUCTION OBSERVATION

This phase consists of the professional services and tasks required after the project is formally awarded by the City for the construction phase of the project. Work efforts during this phase shall include, but are not necessarily limited to, the following major work items/tasks:

- Prepare and coordinate the execution and distribution of the construction contract documents to the successful bidder, and the City.
- Coordinate and conduct the pre-construction meeting and prepare and distribute meeting minutes.
- Issue the "Notice to Proceed", review construction schedule and review all required shop drawings and submittals.
- Perform field observation / inspection services on a part-time basis. Remington & Vernick Engineers will provide qualified construction observer(s) during normal working hours for all critical aspects of construction.
- Review, prepare and submit payment recommendations for the contractor to the City.
- Perform project coordination and "close out" work efforts.

SPECIFIC EXCLUSIONS

The following work items are specifically excluded, and it is our opinion that they will not be required:

- Preparation of applications for review / regulatory agencies not specifically indicated.
- Application fees for review and/or permits from regulatory agencies as these will be paid directly by the Municipality.
- Survey will not include stake out or layout, subdivision, takings, easements, consolidations, dedications, vacations, property lines, and any flood plain or tidal datums.
- Right-of-way acquisition & construction easement documents.
- Writing Metes & Bounds Description and setting of property corners.
- Contract administration & construction observation services required more than the estimated construction contract time of one hundred twenty (120) calendar days.

If unforeseen and/or unanticipated work items arise, our office can provide a separate scope of services and cost proposal for consideration and approval by the City.

COST OF SERVICES

Our fee shall not exceed \$106,840.00 to which will be billed on a time & materials basis, specifically detailed as follows:

- Field Surveying, Base Plan Preparation & Utility Notification: \$ 9,580.00
- Environmental "Preliminary Assessment (PA) Report": \$ 10,160.00
- Engineering & Design: \$ 30,960.00
- Advertisement & Bidding Support: \$ 2,500.00
- Construction Observation & Contract Administration Services: \$ 53,640.00
- Estimated Outside Services Costs:
 - Environmental Data Resources for PA Report: \$ 1,500.00
- Total Professional Services Cost, Not to Exceed: \$106,840.00**

SCHEDULE

If our proposal is approved on or about November 2022, we anticipate the project can be advertised for bids on or about February 2023, and the improvement can be completed on or about August 2023.

We are prepared to begin work immediately on this project upon receipt of formal authorization to commence and look forward to working with the City of Orange Township on this important project.

Should you have any questions, please do not hesitate to contact Mr. Joe Barbadoro at (201) 624-2137.

GOODS, PROFESSIONAL SERVICE AND GENERAL SERVICE CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

The contractor or subcontractor will send to each labor union, with which it has a collective bargaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union of the contractor's commitments under this chapter and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to make good faith efforts to meet targeted county employment goals established in accordance with N.J.A.C. 17:27-5.2.

The contractor or subcontractor agrees to inform in writing its appropriate recruitment agencies including, but not limited to, employment agencies, placement bureaus, colleges, universities, and labor unions, that it does not discriminate on the basis of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of its testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the State of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

In conforming with the targeted employment goals, the contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and layoff to ensure that all such actions are taken without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor shall submit to the public agency, after notification of award but prior to execution of a goods and services contract, one of the following three documents:

Letter of Federal Affirmative Action Plan Approval

Certificate of Employee Information Report

Employee Information Report Form AA302 (electronically provided by the Division and distributed to the public agency through the Division's website at www.state.nj.us/treasury/contract_compliance)

The contractor and its subcontractors shall furnish such reports or other documents to the Division of Public Contracts Equal Employment Opportunity Compliance as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Division of Public Contracts Equal Employment Opportunity Compliance for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code at N.J.A.C. 17:27.
