**Re: City of Orange Township
Recommendation for On-Street Handicapped Parking at 26 North Jefferson Street
Block 2301, Lot 03
RVE File No. 0717G009**

Dear Mr. Mayes:

At the request of the City, our office conducted a site investigation of the above-referenced location to determine the feasibility of installing an on-street handicapped parking stall. Our office conducted the investigation per *City Code Chapter 200-18.1 Handicapped Parking Spaces*. Below please find a summary of the City Code requirements and our findings:

City Code Requirement	Findings
Is parking prohibited in area?	No
Will the parking space interfere with normal traffic flow?	No
Will the number and/or nature of commercial establishments in the area make the parking stall burdensome or impracticable?	No
Will the existence of other restricted parking stall in the vicinity of the proposed parking stall create an unreasonable burden on residents?	No
Is there an existing handicapped parking stall within 300 feet of the proposed parking stall?	Yes

Our office also noted the following conditions during its site investigation:

- Property appears to be a single-family residential dwelling.
- There is an existing handicapped spot located at 28 North Jefferson Street.
- There is no driveway associated with the property.

Based on our investigation, the above-referenced property does not meet the requirements of *City Code Chapter 200-18.1 Handicapped Parking Spaces*.

Should the City approve the application, our office recommends that the stall be constructed on the east curbline of North Jefferson Street directly in front of the property. Our office can provide technical guidance upon request.

If you have any questions, please feel free to call Derek Dorrah at (201) 624-2137 ext. 1195.

Sincerely,
REMINGTON & VERNICK ENGINEERS
