1. Based upon a June 14, 2023 walk on Local Finance Board honorarium resolution (that I requested a copy pursuant to OPRA), when will Mr. Mapp retire as Orange's Finance Director?
2. Will that position and duties be assumed by Orange's current CFO or some other individual?
3. When will Orange adopt its CY 2023 Budget?
4. What is the status of Orange's CY 2022 Audit?
5. Is there a point when certain tabled second reading ordinances must be administratively removed from the table and either: (i) withdrawn by the sponsor or (ii) voted up or down?
6. When was the last time the local governing body and residents were provided with a CY 2023 monthly and quarterly revenue and operating report?
7. When was the last time the local governing body and residents were provided with an updated list of all pending non-tax appeal related litigation and administrative proceedings involving the City of Orange Township?
8. How many "inactive voters" are still listed on the City of Orange Township registered voters list? (i.e. how many voters failed to vote in the November 2020 and November 2022 federal elections?)
9. How much is the City of Orange Township's unpaid statutory 5% of long term tax exemption revenues due and owing the County of Essex?
