**Re: City of Orange Township
 Recommendation for On-Street Handicapped Parking at 128 Parrow Street
 Block 3301, Lot 36
 RVE File No. 0717G009**

Dear Mr. Mayes:

At the request of the City, our office conducted a site investigation of the above-referenced location to determine the feasibility of installing an on-street handicapped parking stall. Our office conducted the investigation per *City Code Chapter 200-18.1 Handicapped Parking Spaces*. Below please find a summary of the City Code requirements and our findings:

| City Code Requirement | Findings |
|--|----------|
| Is parking prohibited in area? | No |
| Will the parking space interfere with normal traffic flow? | No |
| Will the number and/or nature of commercial establishments in the area make the parking stall burdensome or impracticable? | No |
| Will the existence of other restricted parking stall in the vicinity of the proposed parking stall create an unreasonable burden on residents? | No |
| Is there an existing handicapped parking stall within 300 feet of the proposed parking stall? | No |

Our office also noted the following conditions during its site investigation:

- Property appears to be a residential district.
- The property is located at the intersection of Parrow Street & Central Place.
- There is an existing parking lot at the rear of the townhomes along Central Place.

Based on our investigation, the above-referenced property meets the requirements of *City Code Chapter 200-18.1 Handicapped Parking Spaces*. Therefore, our office has no objection to the issuance of a handicapped parking stall.

Should the City approve the application, our office recommends that the stall be constructed on the south curb line of Parrow Street (adjacent to the property). Our office can provide technical guidance upon request.

If you have any questions, please feel free to call Derek Dorrah at (201) 624-2137 ext. 1195.

Sincerely,
REMINGTON & VERNICK ENGINEERS
